

900 Series Syringe Barrels

Metcal syringe barrels are comprised of industry-compliant silicone and chloride-free, low-friction polypropylene. Available in three colors: Natural for most generic applications, Amber for protection against UV/visible light, blocking up to 520nm, but providing the ability to see the fluid inside the barrel, and Black for total light blocking. Five sizes are available: 3 cc, 5 cc, 10 cc, 30 cc, and 55 cc. Made from polypropylene. Up to 100psi (6.9bar) operating pressure.

900 Series Syringe Barrels

Data Sheet

DIMENSIONS
